

To whom it may concern:

My children Roshat and Elton has been taking piano lessons for less than a year now with Mrs. Irene Brewda and they have the tools to read music efficiently.

For example, music theory, interpretation of the different period pieces through the centuries, and tools on how to prepare for a recital.

Mrs. Irene Brewda is one of a kind and you'll never find another teacher like her. She's talented, inspiring, motivating, supportive, passionate, cheerful, and focused. She's honest with her students, and she'll do anything to see them succeed.

Overall, I recommend Mrs. Irene Brewda to anyone who is looking for a wonderful piano teacher.

Sincerely,

9/1/11
