

As a student of Ms. Irene, I can firmly say she has been more than a teacher to me. Her dedication and compassion to every one of her students is exceptional. The knowledge she has and the techniques she implements guarantee that a student truly learns, not just memorize hand movements. This alone makes her stand above other teachers I've had. I'm grateful to have had such a compassionate and knowledgeable teacher. Through her continuous efforts even when I struggled, I could tell she was truly invested in seeing me reach my highest potential simply because she has a good heart. Ms. Irene has a heart of gold and any student is fortunate to be under her wing. Thank you for all you have done for me!!

Sincerely,
